

MOSTAIR PRO mobile device

MOSTAIR PRO is a mobile extractor of welding fumes and dust with built-in filter, 1,1 kW power. Highly-efficient filter cartridge is cleaned with compressed air, integrated to RamAir™ system. Dust settles on a shelf below the device. Thanks to large wheels and a pair of 360° swiveling wheels it can be easily moved around the works or any other areas where the fumes are collected. The cleaning process is active manually or automatically by a differential pressure sensor.

The device can be delivered with one or two arms with length of 3 or 4 m.

Type of device	MOSTAIR SRF
Voltage	400 V/3ph/50 Hz
Motor power	1,1 kW
Max. capacity	1200 m ³ /h
Filter medium	polyester BiCo, washable
Filter element surface	20 m ²
Dimension (L x W x H)	1150 x 646 x 1024 mm
Weight	ok. 185 kg
Catalogue No.	
MOSTAIR PRO mobile device	E000111115
Arm 3 m	E000111116
Arm 4 m	E000111117
